### Commercial Services

#### Further Education Success 2017-18

#### Academic Sport, Public Service and Travel and Tourism

Congratulations to everyone who has completed year one or who has completed their Level 1, 2 or BTEC L3 Diploma & Extended Diploma.

It has been a successful year with over 400 learners on Further Education study programmes and 96% of those successfully achieved their qualification. 99% of our student's completed work experience as part of their course, and some have been so successful that they secured a part time job from their placement.

Over 80% of learners achieved a Distinction in their final grade profile which resulted in most students securing their first choice at university. Those that progressed to employment have secured jobs related to the industry before the year ended.

Here are some of the examples of higher education and employment progression routes that we are very proud of from last year's cohort – well done!
